

What's Your Plan for Practice Ownership?

There are many paths to becoming a practice owner - we'll help you find the right one.

Why Buy a Practice with ADA Practice Transitions?

The Team to Guide You From Start to Finish

You have unique needs, and need personalized support. Our team of ADA Advisors is here to support your purchase from start to finish.

National Reach

Find the right practice anywhere in the country. ADAPT can even connect you with practices in low cost of living areas that you may not have considered.

Backed by the ADA

We're a service provided by the ADA, meaning we're built to support dentists like you first and foremost.

No Matter Your Path, We Have You Covered

Whether you want to buy a practice right away, work as an associate for a few years before purchasing, or enter into a Mentorship-to-Ownership arrangement, we can help you realize your dreams.

One profile opens you up to hundreds of practices across the country. You simply create and submit your profile, then your ADA Advisor will do the hard work of finding and recommending practices that align with your approach to dentistry and preferences.

Real Customers, Real Results:

"ADAPT was more interested in finding me the right practice to purchase than any other broker, and continued to make sure the entire transition process was a success for both parties."

"ADAPT isn't just matching you with an area. It's matching you with a person, a practice, and a mindset."

Find the the perfect practice to call home.
