

Take Control of Your Career and Find the Right Associateship

Find a dental associateship that gives you the autonomy to practice as you like, provides mentorship, or leads to partial or full practice ownership.

Why Join a Practice with ADA Practice Transitions?

The Team to Guide You From Start to Finish

You have unique requirements and deserve personalized job options. Our team of ADA Advisors is here to support your job hunt from start to finish.

National Reach

Relocate anywhere. ADAPT can even connect you with practices in low cost of living areas that you may not have considered.

Backed by the ADA

We're a service provided by the ADA, meaning we're built to support dentists like you first and foremost.

Curated to Your Short & Long-term Goals

Your ADAPT profile provides insight into your short and long-term goals, allowing us to identify practices that will help you strengthen your skills and build the career you've always wanted.

One profile opens you up to hundreds of practices across the country. You simply create and submit your profile, then your ADA Advisor will do the hard work of finding and recommending practices that align with your approach to dentistry and preferences.

Real Customers, Real Results:

"I didn't think I was going to find something like this, so when I walked in that first day, I was like, wow this reminds me of being home. I never expected to find a perfect match like I did."

"It has made all the stress of trying to find a new position kind of stress free!"

Find the the perfect practice to call home.
