New Product!

Subgingival Trimmers and Finishers!

Subgingival FitStrips are perfectly designed to remove composite overhangs and excess cement quickly and safely from hard-to-reach subgingival areas. These strips are 33% more narrow at only 2.5 mm in height versus standard FitStrips, and with their center, non-abrasive Safety Zone, slip easily between teeth and below the contact area. The medium, fine and super fine durable diamond coating makes quick work of the cleanup and provides a silky-smooth finish.

Kits All kits come in a package of 10 FitStrips with 2 handles.

NEW Subgingival Finishing Kit

3 subgingival super fine, 3 subgingival fine, 3 subgingival medium, 1 serrated saw

FPSK07 \$179

NEW Subgingival Finishing and Single Sided Kit

2 subgingival super fine, 2 subgingival fine, 1 subgingival medium, 1 serrated saw, 4 single sided (1 of each .08 mm, .10 mm, .13 mm, .18 mm)

FPSK08 \$179
