

Leading the Way in Dental Benefits

Dentist Founded and Focused

Join the Leader in Dental Benefits

As a leader in the dental industry, your office is a perfect fit to join the leader in dental benefits! With one of the largest networks in the country, Superior Dental Care (SDC) leads the way in network-driven dental benefits throughout Ohio, Kentucky, Indiana and beyond. Our network providers enjoy competitive fee reimbursement, free marketing and a growing list of patients...*and we'd like you to join!*

Competitive Fee Schedule

SDC's fee schedule is carefully calculated to reimburse you for your excellent work while helping patients afford your quality care. This well-balanced formula ensures competitive payments for your office as well as keeping your chairs filled!

Easy and Quick Payments

In addition to favorable fee reimbursement, SDC pays claims quickly, so you won't have to wait to be paid. Claims are processed in 24 hours and paid weekly. Dentists and specialists who take advantage of our auto deposit program enjoy their payments electronically deposited into their account for even quicker payments.

*Join your esteemed colleagues
in the region's leading dental plan!*

Network-Driven Dental Plans

SDC's dental plans are sold to employers in three different ways, all of which emphasize the benefits of visiting a participating dentist.

Network Only: Members must seek care from a participating provider in order to receive plan benefits. Because this option offers the best savings, it is attractive to both employers and employees.

Open Access: Members seeking care from a participating provider will be able to maximize their benefits, or they may choose to go out of network and assume greater financial responsibility.

Point-of-Service: Members may choose to seek care from a participating provider for a higher level of coverage, or go out of network at a reduced level of coverage.

Joining SDC's network ensures that your patients can receive your quality dental care no matter which plan option their employer selects. Since all of our dental plans provide access to the same network, there is only one application and credentialing process to join SDC.
