Sheer White!® professional whitening strips stick and mold perfectly to the teeth, becoming almost invisible. They're comfortable to wear during any activity and cause little-to-no-sensitivity.

SHEER WHITE!®

**PROFESSIONAL
TEETH WHITENING SYSTEM**
Available **ONLY** From Your Dentist

Offer your patients a powerful teeth whitening solution that is fast, effective, and virtually painless. Sheer White! allows you to offer whitening to all your patients by giving you a wallet friendly option to other professional whitening products. Custom trays and gels are often too expensive for all of your patients and can be painful to some. Sheer White! will save you money and create repeat whitening visits. Your patients will love their whiter smile as much as they love saving time and money. **Better Retention, Better Revenue, Better Whitening!**

In-Office

Apply an In-Office whitening strip at the end of any appointment, application only takes 1-minute. The Sheer White! In-Office strip is a 20% Hydrogen Peroxide formula delivered by our patented non-slip strip, and works with minimal sensitivity. Sheer White! In-Office is capable of whitening up to 3 shades whiter in just 30-60 minutes.

6 VALUE INTRO KIT 006-00251

24 PATIENT BULK PACK 006-00293

Take-Home

Send your patients home with the Sheer White! Take-Home patient treatment kit, a 20% carbamide peroxide formula delivered by our patented go-anywhere non-slip whitening strip. Each Sheer White! Take-Home kit includes a 5-day treatment, consisting of 10 strips. Patients will see up to 5 shades whiter in just 5 days.

6 PATIENT INTRO KIT 006-00081

24 PATIENT BULK PACK 006-00294

For best results combine the Sheer White! In-Office and Take-Home strips and use as one simple complete whitening system:

- Apply the In-Office strips at the end of any appointment, patients wear for 30-60 minutes for up to 3 shades whiter.
- Give your patients a Sheer White! take-home kit and have them follow instructions for up to 5 more shades in 5 days.
