

# NEW DENTAL INSURANCE LAW

## MAKING DENTAL INSURANCE WORK FOR YOU

Every year, the Kentucky Dental Association works with lawmakers to make dental insurance more reliable and valuable for you. Our goal is to make sure you can get the care you need by preventing insurance companies from putting up unnecessary roadblocks between you and your dentist.

## NEW LAW

Last year, Kentucky passed a law which places limits on when your insurance company is allowed to dictate the cost for dental care when they won't cover the cost of the care you receive. This helps dental offices work more directly with you on payment for these services.

## IF YOU HEAR FROM YOUR INSURANCE COMPANY

Dental insurance companies generally oppose new laws and regulations that prevent them from continuing their current business practices. During the implementation of the new law, you might receive information that mischaracterizes what the new law means. If you have any questions about the measure or its effect on you and your oral health, please reach out to our office staff.

Our office is a proud member of the  
Kentucky Dental Association
